ORDER FORM

What is the role of the early intervention specialist when working with a newly identified deaf or hard of hearing baby and their family?

This video, the first in the "Early Intervention Illustrated" series, presents strategies and techniques that can help establish trusting, caring relationships between interventionists and families using the highly successful "family-centered" approach. Best practices are demonstrated in actual home visits. Parents and professionals share their expertise on how to create true collaboration as **The Home Team**.
