

Practice Exercise #4

Your screening capacity will be increased by accessing and using available tools that help you to track children and communicate with parents and health care providers. This exercise will help you gain familiarity with locating and using valuable resources on the kidshearing.org/learn-to-implement page that support the ongoing improvement of your OAE screening program.

View **OAE Video Tutorial Modules 10 – 11**.

Identify the **Implementation Tools** column on the web page and complete the steps below.

Step 1: Click on *Prepare Children, Parents, Partner Health Care Providers and Adult Assistants*

Locate the following resources:

- Information for Parents
- Information for Health Care Providers
- Listen Up Sing-Along Video
- Information for Teachers

Step 2: Click on *Protocol Guide and Forms*

Locate the following resources:

- Recommended OAE Screening Protocol
- OAE Screening Form
- Diagnostic Follow-up Form

Step 3: Click on *Share Results: Letters and Scripts*

Locate the following resources:

- Referral Letter to Parents
- Referral Letter to Partner Health Care Providers
- Pass Letter to Partner Health Care Providers
- Explaining Screening Results to Parents

Step 4: Click on *Track Child Progress and Monitor Program Quality*

Locate the following resources:

- Tracking and Monitoring Tools
- OAE Screening Skills Checklist
- Monitoring for Program Quality
