We would like to know what you like about the eBook, as well as any suggestions for improvement or additional topics to be included. Your feedback regarding this publication will help us make the 2021 edition even better.

We are delighted to welcome you to the 10th edition of the eBook. This publication has become the “go-to” reference for those interested in many aspects of Early Hearing Detection and Intervention (EHDI). Our authors have presented interesting and authoritative information tailored to the needs of our target audience—those interested in learning more about the wonderfully diverse world of EHDI. Chapters are regularly revised to provide the most up-to-date information possible and new chapters are added as EHDI evolves. We are deeply appreciative for the expertise and experience our authors share in their material for the eBook!

I would be remiss in not mentioning the incredible support we have received from Karl White and the staff at NCHAM, as well as the outstanding work of our graphic artist Deb Risk.

We would like to know what you like about the eBook, as well as any suggestions for improvement or additional topics to be included. Your feedback regarding this publication will help us make the 2021 edition even better. Many of the chapters in this year’s edition are the result of feedback we have received.

Les R. Schmeltz, AuD, Editor
