March 2009
Snap Shot of Children in EI Today

• Younger than ever before
• More diverse
  – Cultural and language backgrounds
  – Hearing Levels
  – Abilities and Disabilities
• More Opportunities
  – Technology Resources
  – Communication and Language Opportunities
Challenge for Professionals

• How can we meet the expectations and needs of all children and families?
• EI providers are overwhelmingly
  – White, Female, Hearing
  – Limited Life Experiences with Deaf/HH People
What Do Families Have In Common?

- Discovery of Hearing Loss Unexpected
- Impact of Hearing Loss Unknown
- Opportunities and Potential Unknown
- Education and Communication Unknown
- Resources Unknown
- Struggle with Communication & Technology
- Without Support ---Experience Stress

First deaf person they met was …
Collaborations and Partnerships

• Family to Family Connections
  – ASDC, Hands and Voices, Family Voices, Parents of Exceptional Children
  – A Guide by Your Side

• Community Connections
  – Local Community Programs/Organizations
  – Cultural, Spiritual/Religious

• National Organizations by/for Deaf
A Research Perspective: Partnership

Families who have regular contact with deaf adults obtain significant benefits including:

– Social Support
– Improved Communication
– Acceptance and Understanding

More Research: Partnership

- English language performance better with experiences with Deaf Mentors
  - Watkins, Pittman, Walden, 1998;

- Social-emotional development supported by opportunities for interactions with Deaf adults/children
  - See Calderon & Greenberg, 2003

- Children/families in “Shared Reading Program” more frequent book sharing
  - Delk & Weidekamp, 2001
Joint Committee on Infant Hearing 2007 Position Statement

• Adults who are deaf or hard of hearing should play an integral part in the EHDI Program
• Both adults and children in the deaf community can enrich the family’s experience by serving as mentors and role models.
JCIH and Deaf/Hard of Hearing Adults

- Such mentors have experience in negotiating their way in a hearing world, raising infants or children who are deaf or hard of hearing and providing families with a full range of information about communication options, assistive technology, and resources that are available in the community.
JCIH 2007

• Involvement of Deaf/HH adults in ALL aspects of EHDI Program
  – Advisory Boards and Councils
  – Steering Committees
  – Deaf Mentors/Advisors
  – Shared Reading Programs
  – Early Intervention Specialists
    • Audiologists, SLP, Educators
  – Resources Internet, Videos, Retreats, Social Events, etc.
  – Others?
Beyond Newborn Hearing Screening (Marge & Marge, 2005)

• The system should subscribe to a wellness model upon which the physical and psychological integrity of children and adults who are deaf or hard of hearing is based.
Beyond Newborn Hearing Screening (Marge & Marge, 2005)

- EI providers must be knowledgeable about the 2 different models of the deaf experience:
  - Deafness as a medical condition
  - Deafness as a life experience and/or cultural community
Beyond Newborn Hearing Screening (Marge & Marge, 2005)

- EI programs should recruit trained adults who are deaf or hard of hearing to serve on the coordinated service team.
Deaf and Hard of Hearing Involvement Supported by National Organizations

• ACE-DHH
• AG Bell
• ASDC
• CAID
• CEASD
• H & V
• NAD
