Gathering the Right Tools: Personalities within the Early Intervention Team

Susan Hagarty MA MOM
The Tool Box

- The place where team members gather to build the *Parent-Infant-Sibling Program*
- *Family involvement* is a very strong predictor of early language development
- The TOOL BOX should be at the building site. Meet in the home whenever possible.
What are we building?

- A program for the young deaf/HOH child
- A program for the parents
- A program for the siblings
Picking the Tools

Identifying the Tools

- Usually the tools are not chosen, they are assigned.
- The tools may be assigned to many other building projects.
- The tools may have completed projects together before.
- Parents are tools too.
What about these tools?

- Personality traits
- Strengths
- Weaknesses
- Tips on developing a positive connection
- Likely roles on the team
  - Any tool can work in any occupation
  - Parents come as many different tools
The HAMMER strengths

- Logical, direct, honest
- Highly disciplined
- Makes decisions quickly
- Thrives on competition
- Self confident
- Efficient in emergencies
- Reliable and dependable
HAMMER  limitations

- Self seeking (what’s in it for me)
- Promotes conflict for personal gain
- Always has to be right
- Cannot relax unless producing something
- Defiant of authority
- Inconsiderate of others’ feelings
- Tactless
- Bored with idle chatter
- Condescending, intimidating
- Poor listener
- Judges outcomes based on efficiency, not effectiveness
- Insensitive decision making
- Uncompromising
- Always has the final say
  
  "I’m sorry that we argued...I hate it when you’re wrong."
Connecting with a HAMMER

- Do your homework, present position logically, have your facts and figures right
- Be direct, brief, specific
- Offer them leadership in the box
- Promote and compliment their intelligence
- Don’t embarrass them
- Don’t argue from an emotional perspective
- Avoid indecisiveness
- Don’t take their arguments personally
- Don’t wait for them to ask your opinion
HAMMER careers or roles

- School superintendent
- School or AEA administrator
- Lawyer
- Doctor
- Parent
The SCREWDRIVER strengths

- Stable, dependable
- Sincere, emotionally deep
- Analytical
- High achiever, purpose driven, goal oriented
- Great conversationalist
- Active listener, remembers feelings and thoughts shared
- Receptive to others’ ideas and suggestions
- Good planner, superb follow through
- Gives more than required or expected
SCREWDRIVER limitations

- Highly emotional, emotional arguments
- Smug, self-righteous
- Perfectionist
- Hovering, controlling
- Opinionated
- Expects others to be sensitive
- Frustrated by lack of team cooperation
- Over plan, over prepare
- Critical of self and others
- Gets overextended
- Struggles with rational thinking

"Let me just take care of it myself."
Connecting with a SCREWDRIVER

- Be sensitive and soft spoken
- Be well-mannered
- Appreciate them
- Give them time to gather thoughts
- Be loyal
- Don’t promote too much change
- Don’t demand perfection
- Don’t use guilt
SCREWDRIVER careers or roles

- Teacher
- Homemaker
- Psychotherapist, counselor
- Minister
- Nurse
